

INDEPENDENT AUDITOR'S REPORT TO THE COUNCIL OF GOVERNORS OF SOMERSET NHS FOUNDATION TRUST IN RESPECT OF YEOVIL DISTRICT HOSPITAL NHS FOUNDATION TRUST

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Yeovil District Hospital NHS Foundation Trust ("the Trust") for the year ended 31 March 2023 which comprise the Group and Trust Statements of Comprehensive Income, Group and Trust Statements of Financial Position, Group and Trust Statements of Changes in Taxpayers Equity and Group and Trust Statements of Cash Flows, and the related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and Trust's affairs as at 31 March 2023 and of the Group's and Trust's income and expenditure for the year then ended; and
- have been properly prepared in accordance with the accounting policies directed by NHS England with the consent of the Secretary of State in March 2023 as being relevant to NHS Foundation Trusts and included in the Department of Health and Social Care Group Accounting Manual 2022/23; and
- have been prepared in accordance with the requirements of the National Health Service Act 2006 (as amended).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Group in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Emphasis of matter – going concern

We draw attention to the disclosure made in note 1 to the financial statements which explains that on 1 April 2023 Yeovil District Hospital NHS Foundation Trust and Somerset NHS Foundation Trust merged their operations into a single Trust, Somerset NHS Foundation Trust (the successor Trust). Under the continuation of service principle the financial statements of Yeovil District Hospital NHS Foundation Trust have been prepared on a going concern basis because its services will continue to be provided by the successor Trust. Our opinion is not modified in respect of this matter.

Going concern

The Accounting Officer has prepared the financial statements on the going concern basis as they have not been informed by the relevant national body of the intention to either cease the Group and Trust's services or dissolve the Group and Trust without the transfer of its services to another public sector entity. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the Accounting Officer's conclusions, we considered the inherent risks associated with the continuity of services provided by the Group and Trust over the going concern period.

Our conclusions based on this work:

- we consider that the Accounting Officer's use of the going concern basis of accounting in the preparation of the financial statements is appropriate; and
- we have not identified and concur with the Accounting Officer's assessment that there is not a material uncertainty related to events or conditions that, individually or collectively,

may cast significant doubt on the Group's and Trust's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Group and Trust will continue in operation.

Fraud and breaches of laws and regulations – ability to detect

Identifying and responding to risks of material misstatement due to fraud

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of management, the Audit Committee and internal audit and inspection of policy documentation as to the Group's high-level policies and procedures to prevent and detect fraud, including the internal audit function, and the Group's channel for "whistleblowing", as well as whether they have knowledge of any actual, suspected or alleged fraud.
- Assessing the incentives for management to manipulate reported financial performance because of the need to achieve financial performance targets delegated to the Group by NHS England.
- Reading Board and Audit Committee minutes.
- Using analytical procedures to identify any unusual or unexpected relationships.

We communicated identified fraud risks throughout the audit team and remained alert to any indications of fraud throughout the audit.

As required by auditing standards, and taking into account possible pressures to meet delegated targets, we performed procedures to address the risk of management override of controls in particular the risk that Group management may be in a position to make inappropriate accounting entries. On this audit we did not identify a fraud risk related to revenue recognition because of the non-complex recognition due to the nature of the revenue, which limits the opportunities to fraudulently misstate revenue.

In line with the guidance set out in Practice Note 10 Audit of Financial Statements of Public Sector Bodies in the United Kingdom we also recognised a fraud risk related to non-pay expenditure recognition, particularly in relation to year-end accruals.

We performed procedures including:

- Identifying journal entries to test based on risk criteria and comparing the identified entries to supporting documentation. These included unusual postings to cash and borrowings and unusual postings to accruals and expenditure in January 2023 to March 2023.
- Assessing whether the judgements made in making accounting estimates are indicative of a potential bias.
- Inspecting cash payments and purchase invoices in the period prior to and following 31 March 2023 to verify expenditure had been recognised in the correct accounting period.
- Performing a year on year review of accruals to identify whether the accruals balance at 31 March 2023 is complete.

Identifying and responding to risks of material misstatement related to compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general sector experience and through discussion with the Accounting Officer and other management (as required by auditing standards), and discussed with the Accounting Officer and other management the policies and procedures regarding compliance with laws and regulations.

We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit.

The potential effect of these laws and regulations on the financial statements varies considerably.

The Group is subject to laws and regulations that directly affect the financial statements, including the financial reporting aspects of NHS legislation. We assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Whilst the Group and Trust is subject to many other laws and regulations, we did not identify any others where the consequences of non-compliance alone could have a material effect on amounts or disclosures in the financial statements.

Context of the ability of the audit to detect fraud or breaches of law or regulation

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

Other information in the Annual Report

The Accounting Officer is responsible for the other information, which comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the other information; and
- in our opinion the other information included in the Annual Report for the financial year is consistent with the financial statements.

Annual Governance Statement

We are required by the Code of Audit Practice published by the National Audit Office in April 2020 on behalf of the Comptroller and Auditor General (the "Code of Audit Practice") to report to you if the Annual Governance Statement has not been prepared in accordance with the requirements of the NHS Foundation Trust Annual Reporting Manual 2022/23. We have nothing to report in this respect.

Remuneration and Staff Reports

In our opinion the parts of the Remuneration and Staff Reports subject to audit have been properly prepared in all material respects, in accordance with the NHS Foundation Trust Annual Reporting Manual 2022/23.

Accounting Officer's responsibilities

As explained more fully in the statement set out on page 2, the Accounting Officer is responsible for the preparation of financial statements that give a true and fair view. They are also responsible for: such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Group and Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they have been informed by the relevant national body of the intention to either cease

the services provided by the Group and Trust or dissolve the Group and Trust without the transfer of its services to another public sector entity.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

REPORT ON OTHER LEGAL AND REGULATORY MATTERS

Report on the Trust's arrangements for securing economy, efficiency and effectiveness in its use of resources

Under the Code of Audit Practice, we are required to report if we identify any significant weaknesses in the arrangements that have been made by the Trust to secure economy, efficiency and effectiveness in its use of resources.

We have nothing to report in this respect.

Respective responsibilities in respect of our review of arrangements for securing economy, efficiency and effectiveness in the use of resources

As explained more fully in the statement set out on page 85, the Accounting Officer is responsible for ensuring that the Trust has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

Under Section 62(1) and paragraph 1(d) of Schedule 10 of the National Health Service Act 2006 we have a duty to satisfy ourselves that the Trust has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

We are not required to consider, nor have we considered, whether all aspects of the Trust's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have planned our work and undertaken our review in accordance with the Code of Audit Practice and related statutory guidance having regard to whether the Trust had proper arrangements in place to ensure financial sustainability, proper governance and to use information about costs and performance to improve the way it manages and delivers its services. Based on our risk assessment, we undertook such work as we considered necessary.

Statutory reporting matters

We are required by Schedule 2 to the Code of Audit Practice to report to you if any reports to the Regulator have been made under paragraph 6 of Schedule 10 of the National Health Service Act 2006. We have nothing to report in this respect.

THE PURPOSE OF OUR AUDIT WORK AND TO WHOM WE OWE OUR RESPONSIBILITIES

This report is made solely to the Council of Governors of the successor Trust, as a body, in accordance with Schedule 10 of the National Health Service Act 2006. Our audit work has been undertaken so that we might state to the Council of Governors of the successor Trust, as a body, those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Council of Governors of the successor Trust, as a body, for our audit work, for this report, or for the opinions we have formed.

CERTIFICATE OF COMPLETION OF THE AUDIT

We certify that we have completed the audit of the accounts of Yeovil District Hospital NHS Foundation Trust for the year ended 31 March 2023 in accordance with the requirements of Schedule 10 of the National Health Service Act 2006 and the Code of Audit Practice.
