

Hidden Talents 2021: Unity

21st July 2021 – 19th October 2021

Hidden Talents is a bi-annual exhibition that celebrates the creativity of the Somerset NHS Foundation Trust community. Following the merger of Taunton and Somerset NHS Trust and Somerset Partnership the theme of 'UNITY' was chosen and has been interpreted in many ways: a bringing together of styles, colours or textures, a collaboration, being at one with your work.

This intentionally open-ended theme was offered to allow the community to respond as they chose artistically, and this exhibition features that range of responses, from painting, drawing and collage to photography and printmaking.

We are delighted to be able to celebrate the creativity of the staff, their family and friends in this exhibition in what has been a difficult time for everyone and when an outlet via the arts has been vitally important to support staff in their wellbeing. The Art for Life Programme creates high quality and vibrant exhibitions and environments that support and inspire patients, staff and visitors.
