# Hello and Welcome

Thank you for your interest in our Primary Care Dental Service for Dorset and Somerset - part of Somerset NHS Foundation Trust.

Our teams are here to deliver great care and high quality services for our cohort of special care patients. We are all particularly lucky to be able to do this in the most beautiful counties of Dorset and Somerset.

In joining us you will be part of, and be supported by, a dedicated and passionate workforce with the patient at the heart of everything we do.

We wish you much success in your application and look forward to welcoming you into our service.

# Why Somerset NHS Foundation Trust?

Somerset NHS Foundation Trust runs acute hospital services, community services, mental health and learning disability services, and a quarter of Somerset's GP practices. It runs services from two acute hospitals – Musgrove Park Hospital in Taunton, Yeovil Hospital in Yeovil – services in the community, services from the 13 community hospitals in Somerset, a range of mental health and learning disability services and Symphony Healthcare Services which runs a quarter of GP practices in Somerset. Our Primary Care Dental Service is delivered across Somerset and Dorset.

Our trust is the result of two mergers. The first merger in April 2020, between Taunton and Somerset NHS Foundation Trust and Somerset Partnership NHS Foundation Trust, brought together acute services, community service and mental health and learning disability services. The second merger brought together acute services from both acute hospitals in the county and a large proportion of the county's GP practices under Symphony Healthcare Services.

We believe that the broad range of services that we offer within one organisation put us in a better position to provide mental and physical health services for our population, helping people to enjoy healthier lives with improved equitable access to the specialist care and treatment they need, when they need it.

We are commissioned by the Somerset Integrated Care Board (ICB) and the Dorset Integrated Care Board (ICB), and work with stakeholders such as Local Dental Committees in Dorset and Somerset, the South West Managed Clinical Networks (MCNs), general dental practitioners, social care and the voluntary sector.

## **Clinical Director - Somerset**

**Come and join the clinical leadership team within our community dental service in Somerset. This could just be the thing for you...**

**This is an exciting opportunity. The job is yours to build. Come and speak to us, share your vision and tell us how you think you can make a difference.**

Please see our full job description and person specification at the end of this document.

In summary:

- We are a Consultant led Special Care service and are looking for a dynamic leader to join us, put their mark on the service, and continue to drive, develop and motivate the established specialist teams we have in place. To provide flexibility and peer support alongside the leadership of the service you will be a part of.
- As a senior colleague you will be working closely with the Somerset teams, offering guidance, advice and support not only for local colleagues, but also for the wider service. Collaborating with our Dorset based Consultant in Special Care Dentistry/Service Clinical Director, and our Specialists you will help shape the future of our dental service across both counties.
- As a two-county service there is more flexibility than most to be innovative and challenge both established and newer models of working to deliver an excellent standard of patient care.
- To support you, there is an experienced and supportive business and administrative function to ensure your focus is on patient-facing developments and achievements.
- The role is based in Somerset, a spectacular place to base family life, and where community services here have historically provided a wider range of services and population access. We are instrumental in developing clinical dental pathways for the South West, our Consultant also being Chair of the SCD Managed Clinical Network.
- As well as key input into many stakeholder groups, we enjoy recognition and support from the Trust leadership, and close ties with external colleagues such as the South West Regional Chief Dentist.

- The role requires a minimum of 4 days a week, ideally full time, but with some flexibility to be negotiated. However, tell us what would work for you. Key to this role is to demonstrate leadership experience and/or potential to drive forward the service into the future.

Look through our brochure and appreciate the joys and benefits of living and working in this County. Watch our video ([Community dentistry](#) ) and find out a little more about us as colleagues, and about our patients too.

**And then call us. Visits most welcome. Conversation and discussion is the most important start for this role, preferably in advance of application submission.**

### **Opportunities:**

- Wide variety of development opportunities - CPD support, training for post-graduate courses
- Best Practice Groups throughout the year to lead and meet with service wide colleagues, share learning and updates in practice
- Release for professional activities for the wider benefit of the NHS and MCN participation and leadership is one possible example
- Leadership and succession planning opportunities
- Clinical supervision
- Projects – Clinical Audit and pilots for new or improved pathways for paediatric and special care
- A real focus on your Wellbeing as part of a large supportive organisation.
