

JOB DESCRIPTION

Job Title	Specialist - Paediatric Dentistry or Special Care Dentistry
Band	Band C
Directorate	Children, Young People and Families
Department	Primary Care Dental Service
Base	Dorset wide
Responsible for	Some line management of dentists
Responsible to	Clinical Director
JD updated	September 2024

Department Core Purpose

We are a primary care, community dentistry service providing patient care across the populations of Dorset and Somerset, clinically led by a Consultant in Special Care Dentistry. The post holder would be joining an experienced team whilst supporting and encouraging those new in their dentistry career. We provide general anaesthesia at Musgrove Park Hospital and Yeovil District Hospital in Somerset and within Dorset County Hospital in Dorset, as well as providing inhalation sedation in the majority of our clinics. Representatives from our service participate in the Paediatric and Special Care Managed Clinical Networks for the South West and liaise with other stakeholders such as local dental committees.

Within our service we have a framework of clinical supervision, which the post holder would be expected to support and expand upon. We have supported the training of several Specialist Trainee Registrars as part of our teams and many of our dental nurse team have additional skills and post registration qualifications inclusive of conscious sedation and dental radiography. We are accredited to provide in-service inhalation sedation training. Our clinicians include dental therapists and our ambition in the future is to develop and support a further pool of therapists across the service.

Job Purpose

The primary focus of this role is to support the clinical leadership framework across the service and is an exciting opportunity for someone to significantly contribute to the service. This is a primarily a clinical post with some management responsibilities.

EMPLOYER

Kindness, Respect, Teamwork Everyone, Every day By utilising their Specialist clinical skills and knowledge, the post holder will be supporting and working with their senior service colleagues and the wider dental team to provide safe, effective and quality care within our primary care, community dental service.

The post holder will be expected to be flexible in providing direct patient care across more than one site.

Kindness, Respect, Teamwork Everyone, Every day

Duties and Responsibilities

Communication and Key Working Relationships

- Service users
- Consultant in Special Care Dentistry/Clinical Director
- Clinical Director Somerset
- Service Manager/Deputy Service Manager
- Specialists in Special Care
- Senior Dental Officers and Dental Officers

- Professional Lead for Dental Nursing
- Senior Dental Nurses and Dental Nurses
- Business and Operations team
- Receptionists, Administrators and SPA team
- Anaesthetists and Theatre staff

Planning and Organisation

• To assist in planning and delivering of the paediatric or special care dentistry across Dorset.

Responsibility for Patient / Client Care, Treatment & Therapy

- To provide clinical leadership as a Specialist in paediatric or special care dentistry, supporting a multi-disciplinary dental team in the community dental setting in Dorset.
- To work flexibly in the service provision of paediatric or special care dentistry as required.
- To manage and provide dental treatment under general anaesthetic and conscious sedation (basic and advanced techniques) as appropriate, and manage dental trauma as appropriate.
- To meet agreed targets for clinical activity and management tasks.
- To maintain CPD requirements to ensure maintenance on the General Dental Council Register as a Specialist in Paediatric Dentistry or Special Care Dentistry.

Policy, Service, Research & Development Responsibility

- To be an active member of the Service Business and Operation Groups, Best Practice Groups and the speciality relevant South West Managed Clinical Networks.
- To lead and participate in service quality improvement projects as required.
- To ensure compliance with all Primary Care Dental Service clinical policies and Standard Operating Procedures, including IRMER, Health and Safety requirements and other legislation or procedures relevant to the safe practice of dentistry for both patients and staff.

- To monitor and update protocols and Standard Operating Procedures in liaison with the Clinical Director and other Specialists and Senior Dental Officers, taking into account existing Trust policies.
- To participate in all aspects of clinical governance including audit, quality assurance, clinical supervision and peer review.
- To be responsible for data collection and reports as required for the service.

Responsibility for Finance, Equipment & Other Resources

• To responsibly use Trust resources.

Responsibility for Supervision, Leadership & Management

- To support the management in the day to day operations and staff of clinics.
- To provide clinical leadership and support to the dental team across Dorset.
- To provide clinical supervision and mentoring.
- Line management as appropriate.

Information Resources & Administrative Duties

- The post holder may be requested to lead and/or undertake additional responsibilities, including representing the service or Trust in internal or external meetings as required.
- To complete annual appraisal processes and mandatory training in line with Trust Policy.

Any Other Specific Tasks Required

• The Post Holder is recommended to be a member of a registered Professional Protection Society.

Review of this Job Description

This job description is intended as an outline indicator of general areas of activity and will be amended in the light of changing service needs. This job description is to be reviewed in conjunction with the post holder on an annual basis.

General Information

At all times promote and maintain the safety of children by working according the Trust's Child Protection Policy and supporting guidance. Being pro-active and responsive to child protection concerns by early reporting, recording and referral of issues according to Trust arrangements. Attending child protection training that is appropriate to your role.

Confidentiality

The post holder will maintain appropriate confidentiality of information relating to commercially sensitive matters in regard to Trust business, and also to personal information relating to members of staff and patients. The post holder will be expected to comply with all aspects of the Data Protection Act (2018), the Staff Code of Confidentiality and the IT Security and Acceptable Use Policy.

Equality & Diversity

Somerset NHS Foundation Trust is committed to achieving equality of opportunity for all staff and for those who access services. You must work in accordance with equal opportunity policies/procedures and promote the equality and diversity agenda of the Trust.

Safeguarding

All employees have a duty for safeguarding and promoting the welfare of children and vulnerable adults. Staff must be aware of the Trust's procedure for raising concerns about the welfare of anyone with whom they have contact.

Risk Management / Health and Safety

Employees must be aware of the responsibilities placed on them for ensuring the safety of our patients, service users, visitors and colleagues under the Trust's Risk Management Strategy and policy and under the Health & Safety at Work Act 1974. All employees are expected to be familiar with and comply with the Trust's risk and health and safety policies and procedures and all other policies and procedures relevant to their role

Records Management

The post holder has responsibility for the timely and accurate creation, maintenance and storage of records in accordance with Trust policy, including email documents and with regard to the Data Protection Act, The Freedom of Information Act and any other relevant statutory requirements.

Clinical Governance

The post holder will be expected to participate in clinical governance activities to assist the Trust to provide high quality services.

Prevention and Control of Healthcare Associated Infection

The post holder is expected to comply with Trust Infection Control Policies and conduct themselves at all times in such a manner as to minimise the risk of healthcare associated infection.

Policies & Procedures

Trust employees are expected to follow Trust policies, procedures and guidance as well as professional standards and guidelines. Copies of Trust policies can be accessed via the staff intranet or external website or via your manager.

Sustainability Clause

Somerset NHS Foundation Trust is committed to creating a sustainable business. Staff employed by the Trust, are required to think about their actions in the course of their work and make positive steps to reducing, reusing and recycling wherever and whenever possible.

Review of Job Description

This job description is not an exhaustive list of duties, but is intended to give a general indication of the range of work undertaken within this new role. Work will vary in detail in the light of changing demands and priorities, and therefore the duties identified will be subject to periodic change/review, in consultation with the post holder. All employees have a responsibility to abide by all Trust Policies.
